shakeology®

THE HEALTHIEST MEAL OF THE DAY™

chocolate

DIRECTIONS: Add 1 full scoop (48 g) of Shakeology powder to 1 cup (8 fl. oz.) cold water or beverage (milk, almond milk, rice milk, juice, etc.) and ice in a blender. Blend until creamy for a frosty smoothie. For more smoothie recipes, go to Shakeology.com.

Enjoy one Shakeology® drink a day as a meal replacement or healthy snack alternative

LIKE NO OTHER SHAKE IN THE WORLD

Not only is Shakeology delicious, this patent-pending formula is packed with proteins and energy-providing carbohydrates, plus a combination of nutrients that is simply impossible to find at your local supermarket or even health food store. Beachbody searched the world to find açai and goji berries, camu-camu, quinoa, wheatgrass, maca root, and sacha inchi (just to name a few) so you don't have to. With Shakeology, you truly have a world of nutrition at your fingertips.

ENJOY ALL THESE BENEFITS

This incredible drink provides your body with nutrients that help you maintain healthy body weight, support your immune system and well-being, protect your long-term health, and give you energy.* It's so delicious and satisfying, you'll eat less and lose weight! Use Shakeology every day as part of your overall Beachbody wellness program to help your body reach optimal health.

A SHAKE JUST THE WAY NATURE INTENDED

- Gluten free
- No refined sugars or artificial sweeteners
- Provides health-supporting chlorophylls, polyphenols, prebiotics, and proanthocyanins
- Optimal health in a glass

SHK0002 / S0818 H02 Rev. 10/14/10

OTHER INGREDIENTS: Natural sweetener blend (non-GMO fructose, stevia), cocoa powder, xanthan gum, chocolate powder, guar gum, and cinnamon powder. **ALLERGY INFORMATION:** Contains milk-based ingredients and is manufactured in a plant that also processes soy ingredients. Shakeology is gluten free.

NOTE: Shakeology contains suma root, a rich source of many phyto-nutrients, including ecdysterone, which has significant health benefits. Ecdysterone is a naturally occurring phyto-chemical compound that could be erroneously detected and flagged in synthetic steroid screening tests. That unfortunate reality caused the IFL and WADA to add ecdysterone to the list of banned substances in 2010. Athletes and anyone subject to banned substances testing should consult with their physician and athletic organization.

*These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.

NOTE: Although highly nutritious, Shakeology does not meet all of your daily dietary needs and should not be the only meal you consume throughout any given day.

WARNING: Consult with a healthcare professional if pregnant, breast feeding, or if you have any other unique or special needs. Keep out of reach of children.
